**Grief Observed** - C. S. Lewis 2001-02-06  
Written after his wife's tragic death as a way of surviving the "mad midnight moment," *A Grief Observed* is C.S. Lewis's honest reflection on the fundamental issues of life, death, and faith in the midst of loss. This work contains his concise, genuine reflections on that period: "Nothing will shake a man -- or at any rate a man like me -- out of his merely verbal thinking and his merely notional beliefs. He has to be knocked silly before he comes to his senses. Only torture will bring out the truth. Only under torture does he discover it himself." This is a beautiful and unflinchingly honest record of how even a stalwart believer can lose all sense of meaning in the universe, and how he can gradually regain his bearings.

Senegalese Stagecraft - Brian Valente-Quinn 2021-07-15

Senegalese Stagecraft explores the theatrical stage in Senegal as a site of poetic expression, political activism, and community engagement. In their responses to the country's colonial heritage, as well as through their innovations on the craft of theater-making, Senegalese performers have created an array of decolonizing stage spaces that have shaped the country's theater history. Their work has also addressed a global audience, experimenting with international performance practices while proposing new visions of the role of culture and stagecraft in society. Through a study of the innovative work of Senegalese theater-makers from the 1930s onward, Senegalese Stagecraft explores a wide range of historical contexts and themes, including French colonial education, cultural Pan-Africanism, West African Sufism, uses of television and mass media, and popular theater and activism. Using a multidisciplinary approach that includes field, archival, and literary methods, Valente-Quinn offers a fresh look at performance cultures of West Africa and the Global South in a book that will interest students and scholars in African, Francophone, and performance studies.

**Always a Bridesmaid (For Hire)** - Jen Glantz 2017-02-07

In the tradition of Sloane Crosley, Mindy Kaling, and Katie Heaney, a hilarious and insightful memoir about one New York City Millennial's journey to find herself, her dream career, and true love, all while juggling a truly unique job as the world's only professional bridesmaid. \*Previously published as *Always a Bridesmaid (for Hire)* After moving to New York City in her mid-twenties to pursue her dream of writing—and not living on the "Upper East Side" of her parents' house anymore—Jen Glantz looked forward to a future of happy hours and Sunday brunches with her besties. What she got instead were a string of phone calls that began with, "Jen, I have something exciting to tell you!" and ended with, "I'd be honored if you would be my bridesmaid." At first she was delighted, but it wasn't long before she realized two things: all of her assets were tied up in bridesmaid dresses, and she herself was no closer to finding The One. She couldn't do much about the second thing (though her mother would beg to differ), but she could about the first. One (slightly tipsy) night, Jen posted an ad on Craigslist advertising her

services as a professional bridesmaid. When she woke up the next morning, it had gone viral. What began as a half-joke suddenly turned into a lifetime of adventure for Jen—and more insight into the meaning of love than she was getting from OKCupid—as she walked down the aisle at stranger after stranger's wedding. Fresh, funny, and surprisingly sweet, *Always a Bridesmaid (For Hire)* is an entertaining reminder that even if you don't have everything together, you can still be a total boss—or, at the very least, a BFF to another girl in need.

**Atheist Identities - Spaces and Social Contexts** - Lori G. Beaman 2014-12-04

The essays in this book not only examine the variety of atheist expression and experience in the Western context, they also explore how local, national and international settings may contribute to the shaping of atheist identities. By addressing identity at these different levels, the book explores how individuals construct their own atheist—or non-religious—identity, how they construct community and how identity factors into atheist interaction at the social or institutional levels. The book offers an interdisciplinary comparative approach to the analysis of issues relating to atheism, such as demography, community engagement, gender politics, stigmatism and legal action. It covers such themes as: secularization; the social context of atheism in various Western countries; the shifting of atheist identities based on different cultural and national contexts; the role of atheism in multicultural settings; how the framework of “reasonable accommodation” applies to atheism; interactions and relationships between atheism and religion and how atheism is represented for political and legal purposes. Featuring contributions by international scholars at the cutting edge of atheism studies, this volume offers unique insights into the relationship between atheism and identity. It will serve as a useful resource for academics, journalists, policy makers and general readers interested in secular and religious studies, identity construction and identity politics as well as atheism in general.

**Indiana Notary Public Guide** - Indiana Secretary of State 2019-04-06

A notary is a public official responsible for independently verifying signatures and oaths. Depending on how a document is written, a notarization serves to affirm the identity of a signer and the fact that they personally executed their signature. A notarization, or notarial act, officially documents the identity of a party to a document or transaction and the occasion of the signing that others can rely upon, usually at face value. A notary's authentication is intended to be reliable, to avoid the inconvenience of having to locate a signer to have them personally verify their signature, as well as to document the execution of a document perhaps long after the lifetime of the signer and the notary. An oath is a sworn statement. In most cases a person will swear that a written statement, oral statement, or testimony they are about to give is true. A notary can document that the notary administered an oath to an individual.
