**False Economy** - Alan Beattie 2009-04-16

A "provocative...persuasive" (The New York Times) book that examines countries' economic destinies. In False Economy, Alan Beattie weaves together the economic choices, political choices, economic history, and human stories, that determine whether governments and countries remain rich or poor. He also addresses larger questions about why they make the choices they do, and what those mean for the future of our global economy. But despite the heady subject matter, False Economy is a lively and lucid book that engagingly and thought-provokingly examines macroeconomics, economic topics, and the fault lines and successes that can make or break a culture or induce a global depression. Along the way, readers will discover why Africa doesn't grow cocaine, why our asparagus comes from Peru, why our keyboard spells QWERTY, and why giant pandas are living on borrowed time.

**Standard Catalog of World Gold Coins** - Thomas Michael 2009-11-18

This new edition of the ultimate gold coins book gives you facts, photos and prices you can use to make solid investments and accurate assessment of coins. *The Gold Sovereign* - Michael A. Marsh 2002

**Redbook 2022 Us Coins Large Print** - Jeff Garrett 2021-04-06

The Large Print Edition of the Guide Book of United States Coins gives you all the content from the regular edition, shown 45% bigger! The Official Red Book(R)--A Guide Book of United States Coins--is 75 years young and going strong. Since 1946 collectors around the country have loved the book's grade-by-grade coin values, historical background, detailed specifications, high-resolution photographs, and accurate mintage data. How rare are your coins? How much are they worth? The 75th edition of the Red Book tells you, covering everything from early colonial copper tokens to hefty Old West silver dollars and dazzling gold coins. You'll find 32,500+ prices and auction records for nearly 8,000 coins, tokens, medals, sets, and other collectibles. You'll also round out your education in classic and modern commemoratives, Proof and Mint coins, error coins, Civil War tokens, Confederate coins, Philippine coins struck under U.S. sovereignty, private gold, all the latest National Park quarters, Native American dollars, American Innovation dollars, bullion coins (silver, gold, platinum, and palladium), and more.

**How to Shit in the Woods** - Kathleen Meyer 2011

It's the feisty third edition of *How to Shit in the Woods*, jam-packed with new information for outdoor enthusiasts of every stripe. Hailed in its first edition as "the most important environmental book of the decade" by Books of the Southwest, and in its second as "the real shit" by the late, great, outdoor photographer Galen Rowell, this bestselling guide is often called the "backpacker's bible" and has sold more than 2.5 million copies in eight languages. Author Kathleen Meyer continues to pioneer the way with her inimitable voice--at once humorous, irreverent, and direct--examining the latest techniques for graceful backcountry elimination, and answering a desperate cry from nature concerning environmental precautions in our ever-shrinking wilds. World changes come fast and furious, and in the backcountry it is no different. The practice of "packing-it-out," adopted to protect high use areas and fragile ecosystems, is here to stay. We are now often urged to haul our poop home. Or with increasing frequency, the whole business is mandatory. To assist with all this responsible human waste disposal, Meyer's new edition features the latest in product innovations, from classy high-tech to inexpensive do-it-yourself. She covers the most current solutions to the health risks of drinking straight from wilderness waterways; presents a raft of natural substitutes for the purist swearing off toilet tissue; and offers a wealth of new recommendations for ladies who must make do without a loo. This down-to-earth guide has been employed as a training aid for scout troops, outdoor schools, and wilderness programs for inner-city youth; for rangers with the U.S. Forest Service, National Park Service, and Bureau of Land Management; as well as for whitewater rafting guides, backcountry outfitters, and members of the military. In rowing hundreds of urbanites down whitewater rivers, Meyer honed her squatting skills and found she "wasn't alone in the klutz department." Her delightfully shameless discussion of a once-shameful activity, her erudite examination of its associated vocabulary, and her unapologetic promotion of its colorful vernacular make *How to Shit in the Woods* essential and vastly entertaining reading for anyone who's ever paused at the edge of the forest and pondered: "Where do I go to go?"

**Coins** - Clifford Mishler 1987

**Coins of the British World** - Robert Friedberg 1962

Illustrated standard catalogue with valuations of the coinage of the British Isles from 500 A.D., the British Empire from 1600 A.D.
