

making it the most versatile Korean language learning tool on the market. Perfect for business people or tourist traveling to Korea or for students who want to supplement their learning, this book's easy indexing feature allows it to act as a Korean phrase book or as an English-Korean Dictionary. A clever "point to" feature allows you to simply point to a phrase translated in Korean without the need to say a word. You will soon find yourself turning to Essential Korean again and again when you study Korean, visit Korea and work or interacting with Koreans. In this book you will find: Over 1500 practical sentences for everyday use. A Korean dictionary of over 2000 terms and expressions. Extensive information about Korean grammar and pronunciation. Latest Korean vocabulary and Korean phrases for smart phones, social media and more. This beginner Korean book will help you to quickly and easily learn Korean. Your ability to read Korean, write Korean, speak Korean, and comprehend Korean will be vastly improved without having to take an entire Korean language class. Other titles in this bestselling series of phrasebooks include: Essential Japanese, Essential Chinese, Essential Korean, Essential Tagalog, and Essential Arabic.

Digital Signal Processing with Field Programmable Gate Arrays - Uwe Meyer-Baese 2013-03-09

Starts with an overview of today's FPGA technology, devices, and tools for designing state-of-the-art DSP systems. A case study in the first chapter is the basis for more than 30 design examples throughout. The following chapters deal with computer arithmetic concepts, theory and the implementation of FIR and IIR filters, multirate digital signal processing systems, DFT and FFT algorithms, and advanced algorithms with high future potential. Each chapter contains exercises. The VERILOG source code and a glossary are given in the appendices, while the accompanying CD-ROM contains the examples in VHDL and Verilog code as well as the newest Altera "Baseline" software. This edition has a new chapter on adaptive filters, new sections on division and floating point arithmetics, an up-date to the current Altera software, and some new exercises.

Japanese Kanji for Beginners - Timothy G. Stout 2017-01-17

The method that's helped thousands in the U.S. and Japan learn Japanese successfully. The Japanese language has two primary writing systems, kanji characters—which are based on Chinese characters and hiragana and katakana—a mnemonics based alphabet. This handy book teaches you a new mnemonics-based method to read and write the 430 highest-frequency kanji characters. Along with its sister book: Japanese Hiragana and Katakana for Beginners it provides a complete introduction to written Japanese. Japanese Kanji for Beginners contains everything you need to learn the kanji characters required for the Advanced Placement Japanese Language and Culture Exam. It is designed for use by high school or college students as well as independent learners. The kanji learned in this book closely adhere to those introduced in every major Japanese language textbook. Key features of Japanese Kanji for Beginners include: The 430 highest-frequency kanji characters 44 simple, easy-to-follow lessons Concise information on kanji elements, readings and pronunciations Extensive exercises, drills, and writing practice Downloadable content with printable flash cards, practice quizzes and extra exercises The Extensive downloadable content contains a set of printable kanji flash cards to assist learners in reviewing and memorizing the kanji in the book. It also provides sample vocabulary quizzes in a multiple-choice format similar to those in the AP exam, as well as additional exercises that further reinforce the newly learned kanji.

Teaching Korean as a Foreign Language - Young-mee Yu Cho 2020-10-20

Teaching Korean as a Foreign Language: Theories and Practices is designed for prospective or in-service Korean as a Foreign Language (KFL) teachers. With contributions from leading experts in the field, readers will gain an understanding of the theoretical framework and practical applications of KFL education in the context of Second Language Acquisition (SLA). The eight chapters explore the history of and current issues in language education, the practicalities of being a classroom teacher, and teaching and evaluation techniques for developing language and cultural proficiency. This comprehensive volume also includes an annotated bibliography which lists over 500 of the most recent and pertinent research articles and doctoral dissertations in the area. This bibliography will be of great service to students, teachers, and any researchers in applied linguistics and second language acquisition interested in Korean language education.

Spaces of Possibility - Clark W. Sorensen 2017-05-01

Spaces of Possibility, which arose from a 2012 conference held at the

University of Washington's Simpson Center for the Humanities, engages with spaces in, between, and beyond the national borders of Japan and Korea. Some of these spaces involve the ambiguous longings and aesthetic refigurings of the past in the present, the social possibilities that emerge out of the seemingly impossible new spaces of development, the opportunities of genre, and spaces of new ethical subjectivities. Museums, colonial remains, new architectural spaces, graffiti, street theater, popular song, recent movies, photographic topography, and translated literature all serve as keys for unlocking the ambiguous and contradictory yet powerful emotions of spaces, whether in Tokyo, Seoul, or New York.

NATO Glossary of Terms and Definitions - North Atlantic Treaty Organization 2013-03-08

NATO Glossary of terms and definitions (English and French). Listing terms of military significance and their definitions for use in NATO.

International Migration Outlook 2020 - OECD 2020-10-19

The 2020 edition of International Migration Outlook analyses recent developments in migration movements and policies in OECD countries and some non-member countries, and looks at the evolution of the labour market outcomes of immigrants in OECD countries.

A Textbook of Physical Chemistry - A. S. Negi 1985

Written primarily to meet the requirements of students at the undergraduate level, this book aims for a self-learning approach. The fundamentals of physical chemistry have been explained with illustrations, diagrams, tables, experimental techniques and solved problems.

Babel No More - Michael Erard 2012-01-10

A "fascinating" (The Economist) dive into the world of linguistics that is "part travelogue, part science lesson, part intellectual investigation...an entertaining, informative survey of some of the most fascinating polyglots of our time" (The New York Times Book Review). In Babel No More, Michael Erard, "a monolingual with benefits," sets out on a quest to meet language superlearners and make sense of their mental powers. On the way he uncovers the secrets of historical figures like the nineteenth-century Italian cardinal Joseph Mezzofanti, who was said to speak seventy-two languages, as well as those of living language-superlearners such as Alexander Arguelles, a modern-day polyglot who knows dozens of languages and shows Erard the tricks of the trade to give him a dark glimpse into the life of obsessive language acquisition. With his ambitious examination of what language is, where it lives in the brain, and the cultural implications of polyglots' pursuits, Erard explores the upper limits of our ability to learn and use languages and illuminates the intellectual potential in everyone. How do some people escape the curse of Babel—and what might the gods have demanded of them in return?

My First 500 Korean Words - Talk To Me In Korean 2020-04-09

Learn your first 500 Korean words and thousands of related words and expressions that you can start using right away in your everyday conversations in Korean!

Speech and Audio Processing for Coding, Enhancement and Recognition - Tokunbo Ogunfunmi 2014-10-14

This book describes the basic principles underlying the generation, coding, transmission and enhancement of speech and audio signals, including advanced statistical and machine learning techniques for speech and speaker recognition with an overview of the key innovations in these areas. Key research undertaken in speech coding, speech enhancement, speech recognition, emotion recognition and speaker diarization are also presented, along with recent advances and new paradigms in these areas.

Human Resource Development in South Korea - Doo Hun Lim 2020-10-28

Winner of the 2020 R. Wayne Pace HRD Book of the Year Award, this edited book covers major trends, notable distinctions, and the challenges and needs for preparing future HRD activities in South Korea. It consists of three major sections: national and social issues of HRD, sector perspectives on HRD, and contemporary issues and trends. To cover contemporary trends and future issues, authors examine topics in diverse areas, such as the application of data analytics for HRD, action learning trends, and psychological and work climate issues affecting performance. Through theory and cases, this book will show how HRD can be successful at the organizational, industrial, and societal levels as well as the future needs required to further advance HRD in the nation.

Classification of Developmental Language Disorders - Ludo Verhoeven 2003-09-12

Chapters written by leading authorities offer current perspectives on the origins and development of language disorders. They address the

question: How can the child's linguistic environment be restructured so that children at risk can develop important adaptive skills in the domains of self-care, social interaction, and problem solving? This theory-based, but practical book emphasizes the importance of accurate definitions of subtypes for assessment and intervention. It will be of interest to students, researchers, and practitioners in the field of developmental language disorders.

Korean Short Stories for Beginners - Lingo Mastery 2020-09-29

Do you know what the hardest thing for a Korean learner is? Finding PROPER reading material that they can handle...which is precisely the reason we've written this book! You may have found the best teacher in town or the most incredible learning app around, but if you don't put all of that knowledge to practice, you'll soon forget everything you've obtained. This is why being engaged with interesting reading material can be so essential for somebody wishing to learn a new language. Therefore, in this book we have compiled 20 easy-to-read, compelling and fun stories that will allow you to expand your vocabulary and give you the tools to improve your grasp of the wonderful Korean language. How Korean Short Stories for Beginners works: - Each chapter possesses a funny, interesting and/or thought-provoking story based on real-life situations, allowing you to learn a bit more about the Korean culture. - Having trouble understanding Hangul? No problem - we provide you with the same story twice - one version fully in Korean and the other version with English translation added below each paragraph, allowing you to fully grasp what you are reading! - The summaries follow a synopsis in Korean and in English of what you just read, both to review the lesson and for you to see if you understood what the tale was about. - At the end of those summaries, you will be provided with a list of the most relevant vocabulary from that chapter, as well as slang and sayings that you may not have understood at first glance. - Finally, you'll be provided with a set of tricky questions in Korean, giving you the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any - we will provide them immediately after, but no cheating! We want you to feel comfortable while learning Korean; after all, no language should be a barrier for you to travel around the world and expand your social circles! So look no further! Pick up your copy of Korean Short Stories for Beginners and level up your Korean language skills right now!

Culture and Customs of Korea - Donald N. Clark 2000

Discusses Korean traditions, culture, religion, media, literature, and arts.

The Global Impact of South Korean Popular Culture - Valentina Marinescu 2014-09-24

This volume fills a gap in the existing literature and proposes an interdisciplinary and multicultural comparative approach to the impact of Hallyu worldwide. The contributors analyze the spread of South Korean popular products from different perspectives (popular culture, sociology, anthropology, linguistics) and from different geographical locations (Asia, Europe, North America, and South America). The contributors come from a variety of countries (UK, Japan, Argentina, Poland, Bulgaria, Czech Republic, Indonesia, USA, Romania). The volume is divided into three sections and twelve chapters that each bring a new perspective on the main topic. This emphasizes the impact of Hallyu and draws real and imaginary "maps" of the export of South Korean cultural products. Starting from the theoretical backgrounds offered by the existing literature, each chapter presents the impact of Hallyu in a particular country. This applied character does not exclude transnational comparisons or critical interrogations about the future development of the phenomenon. All authors are speaking about their own, native cultures. This inside perspective adds an important value to the understanding of the impact of a different culture on the "national" culture of each respective country. The contributions to this volume illustrate the "globalization" of the cultural products of Hallyu and show the various faces of Hallyu around the world.

500 Basic Korean Verbs - Kyubyong Park 2015-08-04

This is a complete study guide to the most common Korean verbs Korean grammar is notoriously difficult for foreigners to master but is essential for those wishing to learn Korean. Easy-to-use 500 Basic Korean Verbs is the only comprehensive guide to the correct usage of Korean verbs available for English-speaking learners. Each of the 500 most important Korean verbs is presented in a convenient single-page format that gives the verb's meaning and pronunciation and displays the verb's 48 key tenses, speech levels, and moods (all accompanied by romanizations). Also included are a handy guide to the Korean language and verb conjugation and reference tables of basic Korean verb types, along with 3 indexes (Romanized, Hangeul, and English). 500 Basic Korean Verbs Includes: Conjugations by tense, speech levels, and mood. "Model verb" system quickly identifies each verb's pattern. Sample sentences demonstrating the verb's correct usage. Free downloadable audio provides pronunciations for the verbs and 1,000 example sentences. Korean characters (Hangul) as well as romanized pronunciations to help English speakers. Two-color design makes quick reference easy.

Doing Business in Korea - Fabian Jintae Froese 2019-08-19

Much of the existing research looks at the outflow of companies and people from Korea to foreign countries, whilst less is known about foreign firms and workers in Korea. Considering the immense interest of both academics and practitioners in the business opportunities in Korea, this book provides a comprehensive overview of doing business in Korea and recommendations on how foreign companies and individuals can succeed in this market. This book covers a wide range of relevant topics, including the Korean business environment, market entry into Korea, management issues and entrepreneurship in Korea. This is a must-read for anyone interested in or already doing business in Korea.

Basic Korean - Andrew Sangpil Byon 2020-12-17

The revised second edition of Basic Korean: A Grammar and Workbook is an accessible reference grammar and workbook in one volume. The text can be used in conjunction with any primary textbook, both as a practice book to reinforce learning and as a reference guide to the basics of Korean grammar. This book is comprised of 26 units covering key aspects of Korean grammar students would expect to encounter in their first year learning the language. Grammatical descriptions are followed by examples and exercises which allow students to reinforce and consolidate their learning. This new edition has been updated and enhanced to include more varied exercises and contemporary vocabulary and dialogues. Clearly presented and user-friendly, Basic Korean provides readers with the essential tools to express themselves in a wide variety of situations, making it an ideal reference grammar and practice resource for both beginners and students with some knowledge of the language.

Fluent in 3 Months - Benny Lewis 2014-03-11

Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, Fluent In 3 Months. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

A Textbook Of Advanced Surveying - R. Agor 2008
