Sherman's Eagle - Devin Blankenship 2012-06-01  
Kalei 'Kal' Boyce is a disgraced college athlete in the midst of turning his life around in Atlanta following a steroid scandal and the recent passing of his mother. Finally headed down a path of stability focused on academics, Boyce's world is once again rocked when his beloved professor/mentor goes missing in connection to the brutal murder of his wife.

Boyce hesitantly becomes involved with the intent of exonerating his teacher and shedding his own stigma as a quitter, inadvertently involving his ex-girlfriend and her new beau, but soon realizes the murder was part of a bigger puzzle-a life-and-death pursuit to locate a mythical Civil War antiquity before a racist mercenary bell-bent on rewriting history books. The group of three must not only overcome their own personal jealousies toward each other, but race against time and

overwhelming odds to surmount a variety of mental and physical challenges on both coasts of the United States, including California's capital, unearthing shocking new facts about their country's past along the way.

Eagle Squad - James C. Glass  
2013-07-29

Terror stalks the campus of a Minnesota university, where two professors working on classified military research have been brutally murdered. Student Karen Butler fears for her life after her adviser is killed, realizing she's the only one left with detailed knowledge of a new nerve gas defense system plus a terrible nanotech weapon. Karen and her boyfriend, Jack Nelson, a member of the elite military group Eagle Squad, play a dangerous game with an enemy who claims the secrets belong to them. As the pressure mounts, the pair are

terrorized by an implacable foe that means to kill them, once it has what it wants. New York Times bestselling author Steve Perry says: "Murder and mayhem and assorted skullduggery skulk through Glass's latest novel, *Eagle Squad*, and he lays it out with his usual entertaining style and offhand expertise. Jack Nelson and Karen Butler find themselves in the middle of something they don't understand, though as it becomes more clear to them, they realize just how dangerous their lives have become. A first-rate thriller from Jim Glass!"

**Nest** - Bob Jack 2015-06-15  
Politicians routinely wield raw political power to push through troubling legislation like the Affordable Care Act, in which the will of the people was ignored to satisfy an extreme minority. National debt is skyrocketing, the Islamic State has exploded, and in Benghazi,

we saw the senseless murders of the U.S. ambassador in Libya and three other Americans all as a result of politics, incompetence, and lies. This is what life looks like under the presidency of Barack Obama. Bob Jack, however, isn't letting him get away with it: He tracks Obama's actions, policies, and the results of his ill-fated leadership in this detailed assessment of his tenure as the commander in chief. He contends that no political team has ever brought to America a more radical agenda of change, unabashed insensitivity, and glowing errors in judgment than this liberal, progressive, leftist ideological express called the Obama administration. With Iran's global influence spreading, Russia bullying its neighbors, and radical terrorists threatening to enslave freedom-loving Americans, it's time we make things right by taking A View from the Eagles Nest.

shows you how to use his revolutionary training techniques to get yourself in better shape than you ever imagined possible. What does Hyperfitness mean? It means setting goals and attaining them. It means discovering that you are stronger and tougher than you knew. And, it means taking your workout to a whole new level. The program focuses on three important, linked components: - Hyperstrength: Innovative exercises and drills give you the strength, quickness, and endurance of a world-class athlete. With names like "aerial spins" and "ski-mogul master jumps," the exercises are fun and varied, and encompass three fitness levels. - Hyperfare: Essential guidelines include meal plans and recipes to help your body get the nutrition needed to power through the challenging workouts. - Hypermind: Mental-conditioning techniques, such as meditation and visualization, combine with the workouts so you can achieve all your physical and mental goals. In addition to the

training program, Sean recounts the story of his incredible summit of Mount Everest. Encouraging and inspiring, Hyperfitness offers readers the motivation to conquer their own "inner Everest"-be it a marathon, triathlon, long hike, 5K run, or any other fitness goal.

Jeremy Robinson and one of six other fantastic authors. The Chesspocalypse novellas are designed to introduce readers to the series. If you haven't read the novels, no worries. Enjoy the ride! The stories were released in the following order: Callsign: King - Book 1  
Callsign: Queen  
Callsign: Rook  
Callsign: King - Book 2 - Underworld  
Callsign: Bishop  
Callsign: Knight  
Callsign: Deep Blue  
Callsign: King - Book 3 - Blackout  
This collection contains the standalone Queen, Rook and Bishop stories. The three King books were collected in the bestselling Callsign: King - The Brainstorm Trilogy. Another collection, Callsign - Doubleshot, will contain the Knight and Deep Blue stories.  
CALLSIGN: QUEEN  
At the beginning of her search for Rook, a missing Chess Team member, Zelda Baker, Callsign: Queen, is redirected to Pripyat, Ukraine, a ghost town on the radioactive outskirts of Chernobyl. Intel indicates that splinter cell of Manifold Genetics—a ruthless

corporation dismantled by Chess Team—may be operating in the area. Tasked with confirming the existence of a Manifold facility, Queen begins a recon sweep of the abandoned town in search of clues, but soon finds herself fighting for her life. Something sinister lurks beneath the decaying, surreal remnants of Pripyat's never-used amusement park, and it rises up to greet Queen. In Pripyat, the streets are empty, the derelict buildings crumble, but the bodies...are fresh.  
CALLSIGN: ROOK  
After a failed mission claims the lives of his five-man support team, Stan Tremblay, Callsign: Rook, flees Siberia and finds himself on the secluded coast of Norway, north of the Arctic Circle. Exhausted, cut off from the outside world, and emotionally beaten from his defeat in Russia, Rook just wants to find a place to rest. The small coastal town of Fenris Kystby seems like the perfect place. Within hours of arriving, he discovers that the town is not as tranquil as it

appears. The townspeople are mistrustful of outsiders, a pack of mysterious wolves stalk the local tundra, and two villagers have been killed by a creature that defies explanation. To make things worse, there are rumors of something sinister, something the townspeople refuse to discuss. Despite the hostility of the locals, Rook commits to stopping the creature murdering townspeople. As the body count rises, he quickly learns that the greatest threat might walk on two legs. And when he uncovers the town's hidden past, Rook knows only one thing for certain: something is rotten in Norway. CALLSIGN: BISHOP An Iranian terrorist cell has gotten their hands on weaponized Ergot-B—a compound that causes violent hysteria, madness and death within 24 hours—and plan to unleash the weapon on major cities around the world. Successful deployment would begin a bloodbath, as those exposed would kill everyone they encountered before succumbing to the compound's

lethal effects. Erik Somers, Callsign: Bishop, is called in to investigate, but his first discovery shocks him to the core. Dawoud Abbasi, the terrorist leader planning to unleash Ergot-B, is his biological father. Bishop, along with an undercover Delta operator known as Callsign: Joker, race across the unforgiving Iranian desert in search of the Ergot-B. Seeking answers, both professional and personal, Bishop must fight against a private army, Iranian Special Forces and men driven mad by Ergot-B. With the life of his biological mother in the balance, and countless more people in cities around the world, Bishop must call on all his strength to not only survive, but also stop the man revealed as his father—even if he has to kill him.

vibration analysis in an interesting and lucid manner. It provides students with a background in elementary vibrations with the tools necessary for understanding and analyzing more complex dynamical phenomena that can be encountered in engineering and scientific practice. It progresses steadily from linear vibration theory over various levels of nonlinearity to bifurcation analysis, global dynamics and chaotic vibrations. It trains the student to analyze simple models, recognize nonlinear phenomena and work with advanced tools such as perturbation analysis and bifurcation analysis. Explaining theory in terms of relevant examples from real systems, this book is user-friendly and meets the increasing interest in non-linear dynamics in mechanical/structural engineering and applied mathematics and physics. This edition includes a new chapter on the useful effects of fast vibrations and many new exercise problems.

**Back to the Moon** - Homer Hickam 2000-04-11

The shuttle is hijacked. Now the countdown to adventure begins.... In his #1 New York Times bestselling memoir, *October Sky*, real-life NASA engineer Homer Hickam captured the excitement of America's first space ventures. Now, in this no-holds-barred joyride of a thriller, he straps us into the cockpit of the space shuttle Columbia as a renegade rocket man hijacks the shuttle—and blasts off on a Mach-speed chase into space.... Jack Medaris is a man haunted by his past and driven by a dream: He's risking everything to "borrow" the Columbia—and pilot it to the moon. He didn't plan on an unexpected passenger, beautiful celebrity daredevil and scientist Penny High Eagle. To Penny, this hijacking will test every bit of her mettle as an adventurer—and as a woman. To Jack, the mission is a personal quest—to return to the moon and bring back what America left behind, something so explosive, it could change

the future of the world. Now, as the U.S. government scrambles to the chase, and as deadly forces are deployed from earth to stop them, a man and a woman find their fates inextricably entwined. And in the savage emptiness of deep space, their only hope is to join forces to reach the lunar surface. Then comes the hard part. Getting home alive.

**Vicarious Dreaming** - Ernest Hunter 2019-05-01

Millions of years in the making, sustaining human voyagers and societies for millennia, a couple of centuries of that by Europeans - the Great Barrier Reef - in maybe five or six decades the largest living structure visible from space will have become the largest dead one. *Vicarious Dreaming* documents a series of personal voyages between Cooktown and the Torres Strait that are interwoven with accounts of

exploration, exploitation and escape. The travels and tales coalesce around the works of Ion Idriess and the lives of solitary men at the edge of the world, drawn to the wild by folly and obsession, and to an island in the Howick Group that Idriess knew well and which was the site of his first book - *Madman's Island*. And as with the slow-motion ecological catastrophe that is the Reef's agonal decline there are players - and bystanders; stories of people and places, of life and death, of arrivals and departures, and of journeys that involve even the most remote, uninhabited spaces - the necklace of islands scattered along more than two thousand kilometres of Queensland's Coral Sea coast. At once a journey into the far north of Australia and into the furthest depths of the human mind. A tale of Cape York's past and a new chapter in the exploration of its present. A dream narrative - maybe; a case study - perhaps; literary art, yes, absolutely, in its purest and most ambitious

40 Days with the Holy Spirit - Jack Levison 2015-02-01  
40 Days with the Holy Spirit will inspire you to encounter God in fresh and surprising ways. You'll develop stronger spiritual muscles as you breathe, read, reflect, and pray—all with an eye to cultivating a relationship with the least familiar member of the Trinity. The book is interactive, offering the opportunity to write and pray each day; intelligent, rooted in

a rigorous study of Scripture, from Genesis to Revelation; and inviting, with 40 insightful, well-planned 20-30 minute daily exercises; and prayerful, with 40 original prayers that capture each day's insight into the deep, spiritual work of the Holy Spirit. "Jack Levison's lively new book 40 Days with the Holy Spirit is an engaging devotional that invites the Christian community to be reacquainted with the person and ministry of the Holy Spirit. I read it as a Pentecostal pastor/theologian and it provoked me to consider anew how the Spirit is actively at work in my life and in the world. Though there are differences in pneumatology within the body of Christ, all who read this book will have to affirm that the Spirit is moving and Jack has caught its zeal!"—Johnathan E. Alvarado, Senior Pastor, Grace Church International, and Professor of Theology, Beulah Heights University, Atlanta, Georgia

aiming for spiritual formation, not just spiritual information. My favorite part: the simple prayers at the end of each reading. A beautiful, accessible, and soul-nourishing resource!" —Brian D. McLaren, Author of *We Make the Road by Walking* "Jack Levison combines a scholar's intimate knowledge of scripture with a born writer's mastery of nuance, style, empathy and humor. Every page of this book brims with reverence for God and common-sense wisdom won the hard way." —David Laskin, author of *The Family "40 Days with the Holy Spirit* opens a door for all seekers, religious and irreligious, to experience 'God's Spirit-breath within.' This is more than a must read-its food for busy and hungry hearts."—Dr. Michael Rakes, Pastor at Winston Salem First "Is it possible to live a Spirit-filled life amid our daily distractions and demands? Jack Levison assures us it is and offers a path to wisdom through stillness and abandonment...This book leads us to the ultimate Source, the

Spirit. It is a guide not just for 40 days, but a lifetime."

—Judith Valente, Correspondent, Religion & Ethics Newsweekly and author of *The Art of Pausing* "Jack Levison brings together scholarship, Scripture meditation, concrete practices, and compelling inspiration. He helps us retrieve the tragically lost centrality of the Holy Spirit in the mainline Christian world. Here comes the return of the fire and the wind!" —Fr. Richard Rohr, ofm "Jack Levison's book is not an overly intellectual look at the Holy Spirit, but really examines what it means to live a Spirit-filled life. A needed resource for those looking to be guided by the Holy Spirit found in Scripture. Jack opens our minds to the fullness of the Holy Spirit and removes the human limitations that we often place on this person of the Trinity, teaching us to hear and obey as God speaks."— Dr. John M. **Deer Clearing Falls** - Robert A. Conaway 2019-03-09

In Deer Clearing Falls, readers take a spellbinding journey to apprehend three murderous brothers, before they can escape justice across the Mississippi River and disappear into the vast regions of the western territories. In a quiet town in Virginia, three men move silently, under the cover of darkness, into the backdoor of the county jailhouse and brutally beat the town constable. Enraged by this act of violent behavior in his town, Judge Callaway commissions wealthy plantation owner, John Thomas, to go after and arrest these villains. The victim is his lifelong friend. The culprit is his lifetime nemesis, Carl Johnson, who is the product of an abusive, drunken, moonshiner father whose answer to discipline was wielding a razor strap across

his children's backs. Enlisting the assistance of his brother, Jeremiah, and close friends, Nathan Smith, Eagle Dancer, and Bear Claws, John sets out to apprehend Carl Johnson and his brothers and bring them back for trial before they can strike again. As they charge towards their inevitable showdown, they must first ride through Deer Clearing Falls, an ancient mountain, whose breathtaking scenery captures their souls and forces them to face the realities of their innermost secrets.

Dempsey is one of the greatest pound-for-pound fighters in ring history. Inside the ropes, he was fearless, poised, quick, agile, and had terrific punching power with both hands. His story is rich--full of amazing highs and terrible lows. He was a poor immigrant Irish boy who scaled great heights to become one of this nation's first sports celebrities. He became a household name, wealthy and popular. But much too soon, it all came crashing down. His violent profession, alcoholism, mental illness, and tuberculosis left little to recognize of the valiant hero of so many battles.

November 1989. The fall of the Berlin Wall A symbol of the Cold War, its collapse heralded a new era in European history and launched a journey full of immeasurable challenges for the people of east and west Germany. In the ten years that

have followed, much has changed in Germany, from the rise of Helmut Kohl as Europe's leading statesman to the return of the government to Berlin, the city that symbolises the nation's greatest triumphs and defeats. The Germans first met with scepticism and mistrust abroad as they hurtled towards reunification, then concern as they struggled to adjust to their new state. But they came through the difficult decade as a stable democracy and reliable ally, one that shed the shackles of the post-war period without breaking its bonds to the European Union, NATO and its Western partners.

Unchained Eagle is the story of Germany, from events leading up to the unification of east and west to the government's move to Berlin and Kohl's disgrace over his illegal slush funds. It looks at the challenges that have faced the nation - defining its military role, integrating eastern Germany, fighting neo-Nazis and establishing a German stamp on the European Union -

and assesses how it has met them. It reflects on the concerns and controversies over economic reform, European monetary union, remembering the Holocaust and shaping the new Germany. More importantly, it is the story of a country and its people, the events that have moulded a new European power and the faces that have rewritten history. All this is portrayed with insight and understanding by Tom Heneghan, a long-time observer of German politics. He was in Berlin as the Wall fell and spent the next decade reporting at first hand on the changes that event brought about and the way the Germans - from Helmut Kohl to average citizens - responded to them. *Unchained Eagle* is an authoritative account of the unification of two countries, the challenges they faced and the new and more confident Germany that emerged from the upheaval. About the Author Tom Heneghan took up his posting as Reuters Chief Correspondent for Germany in

the spring of 1989 and was on the spot when the Berlin Wall fell that autumn. Over the next eight years, he travelled around the country covering the events and issues that make this book including following Helmut Kohl on foreign trips as far afield as Moscow, Tokyo and Denver. At the end of the NATO bombing campaign in 1999, he entered Kosovo with the Bundeswehr to report on the first German combat troops deployed abroad since World War Two. Reviews "A fine book rich in information and solid judgement. Tom Heneghan's description and analysis reflect the reality of post-reunification Germany. The "Berlin Republic" is a normal state, with its strengths and its scandals. This book challenges non-German readers to put aside their suspicions and see the country as it is." - Alfred Grosser, French political science professor and author of *Germany in Our Time* and *Deutschland in Europa* "Tom Heneghan is a consummate professional, a reporter's

He writes lucidly and with forensic accuracy, lighting a path through the minefield of contradictions and prejudices that greeted the Germans' bid to re-unite as a nation and its stormy aftermath... Unchained Eagle is both an accomplished piece of detective work, and a gripping account of the greatest story of our time." -
