Bannú - Septimus Smet
Thorburn 1876

Bannú, or Our Afghan Frontier is an account of Bannu District in British India (located in present-day northwestern Pakistan). The Bannu Valley was seized by the East India Company in 1848 and the district formed in 1861. The author, Septimus Smet Thorburn, was an official in the Indian Civil Service and the settlement officer in the district. The book is in two parts. Part one, consisting of six chapters, covers the geography, history, and administrative system of Bannu, with emphasis on British rule and its interaction with local traditions, customs, and patterns of authority and land tenure and ownership. Part two, which comprises the bulk of the book, deals with

customs and folklore. It includes an introductory chapter entitled "Social Life, Customs, Beliefs and Superstitions of the Peasantry," and separate chapters devoted to "Popular Stories, Ballads and Riddles" and "Pashto Proverbs Translated into English." The final chapter gives the texts of the same proverbs--406 in all--in Pushto. The stories, ballads, and riddles are brief--generally a few paragraphs--and are classed in five categories: humorous and moral, comic and jocular, fables, Marwat ballads (relating to the Pushto Marwat tribe living in Bannu), and riddles. The proverbs are grouped according to the topics to which they relate, for example, begging, boasting, bravery, and so forth, and for many of the proverbs a brief explanation is given of its meaning and application. A short appendix deals with the complicated system of land allotments in the different tappas (traditional subdivisions) of the Bannu region. The book includes a

map of the Bannu District with an inset map showing its relationship to the neighboring parts of Afghanistan and the regions of Waziristan, Kashmir, and the Punjab.

biographies and bibliographies. Janabai (1263-1350) was born to a couple from the lowest caste. She worked as a maidservant for the father of the Poet-Saint Namdev who she cared for throughout her life. Her poetry is replete with her love for God. Namdev (1270-1350) was born in Narasi-Bamani. Soon his family moved to Pandharpur where the temple of Lord Vithoba (Krishna as a boy) is located. He spent most his life there. He composed 2500 abhangs in Marathi. Dnyaneshwar (1275-1296) emerged as one the first original Poet-Saints to write in Marathi. He liberated 'divine knowledge' locked in Sanskrit to bring it into Marathi. At the age of 21 he entered into Sanjeevan Samadhi at Alandi. Mukta Bai (b.1279) was the younger sister of Dnyaneshwar but is a profound Poet-Saint in her own right. She wrote forty-one abhangs. Eknath (1533-1599) was a saint, scholar and poet. He is seen as a bridge between Dnyaneshwar and Namdev and Tukaram and Ramdas.

Tukaram (1608-1654) was a prominent Poet-Saint during the Bhakti movement in India and is still greatly loved. Ramdas (1627-1682) was a Marathi Poet-Saint and a devotee of Lord Rama. Bahina Bai (1628-1700) was a disciple of Tukaram. Apart from her unique autobiography in verse she composed abhangs that deal with various subjects. Pages 198. Bilal Tanweer 2016-12-01

A small Karachi neighbourhood, Chakiwara is humdrum and unspectacular to all appearances. But inside its shops and at the street corners, there is curious business afoot. Chronicling the drama that unfolds daily is Iqbal Hussain Changezi, bakery owner and collector of writers and geniuses. He has his eyes on out-of-work comedian Chakori, apprentice to a Chinese dentist, even as the town's

mostly unsuccessful healer of physical and spiritual maladies prepares to unleash his top-secret invention, the love meter. Muhammad Khalid Akhtar presents a world at once familiar and peculiar but always surprising, his unforgettable characters keeping alive the old ways in a quietly changing Karachi in post-independence Pakistan. Love in Chakiwara and Other Misadventures is a true testament to the wit, sagacity and quiet brilliance of one of the greatest storytellers of his time.

Who Wrote the Bible? - Richard Friedman 2019-01-15

A much anticipated reissue of *Who Wrote the Bible?*—the contemporary classic the *New York Times Book Review* called “a thought-provoking [and] perceptive guide” that identifies the individual writers of the Pentateuch and explains what they can teach us about the origins of the Bible. For thousands of years, the prophet Moses was regarded as the sole author of the first five books of the Bible, known as the Pentateuch. According to tradition, Moses was divinely

directed to write down foundational events in the history of the world: the creation of humans, the worldwide flood, the laws as they were handed down at Mt. Sinai, and the cycle of Israel’s enslavement and liberation from Egypt. However, these stories—and their frequent discrepancies—provoke questions: why does the first chapter in Genesis say that man and woman were made in God’s image, while the second says that woman was made from man’s rib? Why does one account of the flood say it lasted forty days, while another records no less than one hundred? And why do some stories reflect the history of southern Judah, while others seem sourced from northern Israel? Originally published in 1987, Richard Friedman’s *Who Wrote the Bible?* joins a host of modern scholars who show that the Pentateuch was written by at least four distinct voices—separated by borders, political alliances, and particular moments in history—then connected by

brilliant editors. Rather than cast doubt onto the legitimacy of the Bible, Friedman uses these divergent accounts to illuminate a text that was written by real people. Friedman's seminal and bestselling text is a comprehensive and authoritative answer to the question: just who exactly wrote the Bible?

2010-05-19

A new History of Persian
Literature in 18 Volumes.
Persian literature is the jewel
in the crown of Persian culture.

It has profoundly influenced the literatures of Ottoman Turkey, Muslim India and Turkic Central Asia and been a source of inspiration for Goethe, Emerson, Matthew Arnold and Jorge Luis Borges among others. Yet Persian literature has never received the attention it truly deserves. A History of Persian Literature answers this need and offers a new, comprehensive and detailed history of its subject. This 18-volume, authoritative survey reflects the stature and significance of Persian literature as the single most important accomplishment of the Iranian experience. It includes extensive, revealing examples with contributions by prominent scholars who bring a fresh critical approach to bear on this important topic. This companion volume deals with two of the most under-researched areas of study in the Modern Iranian field: the Persian oral and popular literature of Iran, Tajikistan and Persian-speaking Afghanistan on the one hand; and the written and oral

literatures of the Kurds, Pashtuns, Baloch and Ossetians on the other.

Nicomachean Ethics - Aristotle 2021-11-13

Nicomachean Ethics Aristotle - The Nicomachean Ethics is one of Aristotle's most widely read and influential works. Ideas central to ethics—that happiness is the end of human endeavor, that moral virtue is formed through action and habituation, and that good action requires prudence—found their most powerful proponent in the person medieval scholars simply called "the Philosopher." Drawing on their intimate knowledge of Aristotle's thought, Robert C. Bartlett and Susan D. Collins have produced here an English-language translation of the

Ethics that is as remarkably faithful to the original as it is graceful in its rendering. Aristotle is well known for the precision with which he chooses his words, and in this elegant translation his work has found its ideal match. Bartlett and Collins provide copious notes and a glossary providing context and further explanation for students, as well as an introduction and a substantial interpretive essay that sketch central arguments of the work and the seminal place of Aristotle's Ethics in his political philosophy as a whole. The Nicomachean Ethics has engaged the serious interest of readers across centuries and civilizations—of peoples ancient, medieval, and modern; pagan, Christian, Muslim, and Jewish—and this new edition will take its place as the standard English-language translation.
