Narrow Boat Engine Maintenance and Repair - Stephanie L Horton 2017-11-02

When owning a narrow boat, or any engine-powered vessel, it is vital to ensure that the

engine is kept in good working order. *Narrow Boat Engine Maintenance and Repair* is a practical guide to help keep your engine operational, and your boat moving. It also provides instruction on how to identify faults and, where possible, how to fix them. With its focus on diesel engine operation, and the systems found on most vessels, this is a useful resource for any boat owner. It provides practical guidance to undertake everyday maintenance on your diesel engine; it demonstrates how to complete a service and locate and resolve common faults; explains the theory required to understand each of the boat's main systems and shares the practical skills and techniques that engineers spend many years learning. This invaluable resource will be of great interest to those who own and run narrow boats, those starting out and more veteran boat owners. Superbly illustrated with 264 colour step-by-step photographs and 60 technical diagrams.

Pitch Black for Fifteen Years - Pedro Antonio Leon Rubio 2013-09

Pitch Black for Fifteen Years is my true story. It starts at the age of thirteen and continues through today. I explain why I had to disappear from the life of my kids; how I became persecuted by the Swiss authorities for being a Chilean citizen; my torture by the Switzerland Federal Police; and how the government of Switzerland has controlled other governments including Chilean, Spanish, Canadian, Italian, French, and all European and international institutions. I am a simple man, but a fighter. My

enemy, Angelo Valli, a Swiss mobster who started the persecution in 1997, was allied with Boris Yeltsin, Vladimir Putin, Silvio Berlusconi, Mohammad Kaddafi, Italian criminal organizations, and the Vatican and Italian government. This gave him the power to transform a simple marriage between a Chilean and a Swiss woman into a hell. To defend myself, I have used secret information that a criminal organization or secret services put into my hands. Why did I have to have the protection of a criminal organization against governments and international institutions? And how have I survived? I tell all in this book, which is really a "letter to my kids." About the Author Originally from Chile, Pedro Antonio Leon Rubio now resides in Berlin, Germany. "I am being persecuted by the institutions created to protect the society, protect the family, and protect the people. Instead, the Switzerland government is persecuting me to protect and keep intact the human rights reputation of Switzerland." The

author wrote this book to express his love for his children and to protect them. Publisher's website: <http://sbprabooks.com/PedroAntonioLeonRubio>

Accidental Sailor Girl - Kourtney Patterson 2014-06-30

Accidental Sailor Girl is a story about a young girl named Kourtney and her journey from starting out with only her car and a surfboard to sailing across the Atlantic on a Gaff Rigger Cutter with a Square Sail named Norna. The story moves from her hardships of living on the beach to buying her first sailboat, a 27 foot Hunter she named "Happy." Her attitude toward learning how to sail and how to fix up her boat led her to meet Pete Grundvig, a local carpenter and shipwright, the owner of Norna. Their relationship with surfing, sailing, and music, moved them to the tune of a two year Atlantic Circumnavigation. Kourtney soon realizes she is not the same person she was when she left home two years before.
