Maturity - Osho 1999-11-30

One of the greatest spiritual leaders of the twentieth century encourages us to embrace the qualities of life our advancing years grant us in *Maturity: The Responsibility of Being Oneself*. In a culture infatuated with youth and determined

to avoid old age at all costs, this book dares to raise a question that has been all but forgotten in the age of Viagra and cosmetic surgery. What benefits might lie in accepting the aging process as natural, rather than trying to hold on to youth and its pleasures all the way to the grave? Osho

takes us back to the roots of what it means to grow up rather than just to grow old. Both in our relationships with others, and in the fulfillment of our own individual destinies, he reminds us of the pleasures that only true maturity can bring. He outlines the ten major growth cycles in human life, from the self-centered universe of the preschooler to the flowering of wisdom and compassion in old age. Osho's sly sense of humor runs like a red thread through the book, along with a profound compassion and understanding of how easy it is to be distracted from the deeper meaning and purpose of our lives—which is, ultimately, to flower into our own individual uniqueness and maturity with an attitude of celebration and joy. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day

(India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

Introducing the Qur'an - John Kaltner

"Award-winning professor John Kaltner's new work offers a general introduction and orientation to the Qur'an. It surveys the origin, structure, contents, study, and use of Islam's sacred text. Offering selective rather than comprehensive coverage, the work allows for discussion and analysis of specific themes and issues of interest to modern readers. Following an introduction that describes and situates how

the Qur'an is both studied and experienced, Kaltner's book takes up the following themes by chapter to foster a contemporary understanding and appreciation of the Qur'an: the natural environment, Muslim life, gender and sexuality, non-Muslims and the Other, jihad, war and peace, and life after death. Significant passages from the Qur'an are identified and analyzed, with a special focus on how modern scholars, both Muslim and non-Muslim, understand them. Kaltner intersperses his book with numerous photographs and textboxes to emphasize and highlight important elements of the Qur'an, its history, and its relevance to contemporary life" -- Publisher description.

Global Paradox - John Naisbitt 1994

In Global Paradox, John Naisbitt builds a powerful instrument of comprehension from this one profound and vital insight about the seemingly chaotic changes that appear to grip our world. The Paradox, as he sees it, is powered by the explosive developments in telecommunications which are the driving forces simultaneously creating the huge global economy and multiplying and empowering its parts. The Global Paradox is funded by the largest and fastest-growing industry in the world - tourism. Tourism is the face-to-face corollary of the communications revolution. Tourism creates infrastructures and can lift Third World economies; tourism incites our interest in other

cultures and tribes - gives them validity, makes us want to visit them. The force shaking the foundations of huge economic and political structures is this same tribalism: The more universal we become, the more tribal we act. *Black Spark, White Fire* - Richard Poe 1999 Columbus Discovered America . . . But Who Discovered Europe? Were the ancient Egyptians black? Did Egyptian explorers land in Greece some 4,000 years ago? Did they plant colonies, establish royal houses, and bring civilization to Europe's savage tribes? Did the secret rites of their temple cults later resurface among the Knights Templar and the Freemasons? In *Black Spark, White Fire*, Richard Poe provides startling answers to these questions and more. "Brilliant. . . . Poe has produced a classic volume . . . splendid in its conception and powerful in its execution—a major work."—Molefi Kete Asante, author of *The Afrocentric Idea* "Superb. . . . I am convinced that within 20 years Richard Poe's views will be seen as closer to the historical

truth than those of the present defenders of the status quo. The book is clear, well-written, and hard to put down. While we disagree on a number of issues, *Black Spark, White Fire* is the popular book that I am incapable of writing."—Martin Bernal, author of *Black Athena* "It is refreshing to hear the Afrocentric theory of ancient Egypt argued so persuasively, from a viewpoint that is neither liberal nor conservative, black nor white."—Armstrong Williams, syndicated columnist and TV talk show host

Eden in the East - Stephen Oppenheimer 1998

This book completely changes the established and conventional view of prehistory by relocating the Lost Eden—the world's first civilisation—to Southeast Asia. At the end of the Ice Age, Southeast Asia formed a continent twice the size of India, which included Indochina, Malaysia, Indonesia, and Borneo. In *Eden in the East*, Stephen Oppenheimer puts forward the astonishing argument that here in southeast Asia—rather than in Mesopotamia where it is usually placed—was the lost civilization that fertilized the Great cultures of the Middle East 6,000 years ago. He produces evidence from ethnography, archaeology, oceanography, creation stories, myths, linguistics, and DNA analysis to argue that this founding civilization was destroyed by a catastrophic flood, caused by

a rapid rise in the sea level at the end of the last ice age.

Wali Sanga - Masykur Arif, M.Hum.

Di kalangan masyarakat umum, Wali Sanga dikenal sebagai orang-orang shalih yang menjadi perantara masuknya Islam ke Nusantara,

khususnya di pulau Jawa. Di tangan para Wali Sanga inilah, Islam diterima dengan baik dan mengalami perkembangan yang sangat pesat. Ada sembilan wali yang sangat terkenal di masyarakat hingga saat ini. Mereka adalah Sunan Gresik (Maulana Malik Ibrahim), Sunan Ampel (Raden Rahmat), Sunan Bonang (Maulana Makdum Ibrahim), Sunan Drajat (Raden Qosim), Sunan Giri (Raden Paku), Sunan Kalijaga (Raden Syahid), Sunan Kudus (Ja'far Shadiq), Sunan Muria (Raden Umar Said), dan Sunan Gunung Jati (Syarif Hidayatullah). Selain terkenal dengan kealiman dan keshalihannya, para Wali Sanga juga terkenal sangat sakti. Sehingga, muncullah beragam cerita yang hingga kini terasa sulit dibedakan antara fakta dan mitos. Lalu, apakah Wali Sanga itu fakta sejarah atau hanya mitos? Bagaimana sesungguhnya kisah sejarah sembilan lelaki yang selama ini disebut-sebut sebagai para pionir islamisasi di tanah Jawa dan Nusantara itu? Benar atau tidaknya keberadaan Wali Sanga di Nusantara, khususnya

di pulau Jawa, dapat Anda simpulkan sendiri setelah membaca buku ini. Buku ini menyajikan sejarah asal-usul para wali sembilan tersebut dan cara-cara (metode) mereka dalam berdakwah menyebarkan agama Islam sehingga dapat diterima oleh masyarakat Jawa tanpa pergolakan yang sengit. Juga, disertakan cerita-cerita rakyat tentang karamah-karamah mereka, yang tentu saja bisa menjadi hikmah penuh makna bagi kita semua saat ini. Plus, panduan lokasi ziarah ke masing-masing makam para Wali Sanga tersebut.

[The Admonitions of Seh Bari](#) - Pangerang Bonan
2012-12-06

The Javanese text being published here is not appearing in print for the first time: more than half a century ago it was published by B.J.O. Schrieke in his doctor's thesis *Ret Boek van Bonang* ("The Book of Bonang") (1916). In Schrieke's work, however, the emphasis fell on the historical introduction to the text rather than on the text itself, the edition of which is not

free of shortcomings. Moreover, the analysis of the contents of the text appended to it could not make up for a complete translation. For the lack of that a new edition and complete translation of this old and important text has not been made before now is due to the small number of scholars of Javanese - and the even smaller number of those among them who concern themselves with the Muslim works of Javanese literature. In short, it is the pioneering character which the study of Indonesian literatures still largely possesses that has caused people to be contented with preliminary surveys of this extensive field of study. It is true that a number of welcome milestones have been erected, but it can in no way be said that the charting of the whole field is yet complete. After the first publication of a text and summary of its contents people are only too readily inclined to proceed to other projects, more attractive because of their novelty.

Islam and Ethnicity in Malay Politics -

Hussin Mutalib 1990

Covering the period 1963 to 1986, this study demonstrates the degree of influence that Islam exerts on Malay identity. Islam is not only a focal point in relations between Malays and non-Malays, but also in the Malay ethnic community since Islam is integral to its culture and identity and is involved in a tense, dialectical relationship with Malay ethnicity. The Malay tendency to opt for ethnic Malay-based solutions instead of an Islamic alternative results in an upsurge of Malay ethnic nationalism, and is here explored against the backdrop of the current Islamic resurgence in Malaysia.

Negara - Clifford Geertz 2021-05-11

Combining great learning, interpretative originality, analytical sensitivity, and a charismatic prose style, Clifford Geertz has produced a lasting body of work with influence throughout the humanities and social sciences, and remains the foremost anthropologist in America. His 1980 book *Negara* analyzed the social organization of Bali before it was colonized by the Dutch in 1906. Here Geertz applied his widely influential method of cultural interpretation to the myths, ceremonies, rituals, and symbols of a precolonial state. He found that the nineteenth-century Balinese state defied easy conceptualization by the familiar models of political theory and the standard Western approaches to understanding politics. *Negara* means "country" or "seat of political authority" in Indonesian. In Bali Geertz found *negara* to be a "theatre state," governed by rituals and symbols rather than by force. The Balinese state did not specialize in tyranny, conquest, or

effective administration. Instead, it emphasized spectacle. The elaborate ceremonies and productions the state created were "not means to political ends: they were the ends themselves, they were what the state was for.... Power served pomp, not pomp power." Geertz argued more forcefully in *Negara* than in any of his other books for the fundamental importance of the culture of politics to a society. Much of Geertz's previous work--including his world-famous essay on the Balinese cockfight--can be seen as leading up to the full portrait of the "poetics of power" that *Negara* so vividly depicts.

Java in the 14th Century - Theodore G.Th.

Pigeaud 2013-03-09

Essentially the following commentary on the contents of the Nāgara-Kertāgama has been made up from notes by former editors of the text together with remarks, criticisms and digressions by the present author. As Kern, Krom and their contemporaries were especially interested in dynastie history and archeology their notes on those subjects are legion, and as a result of their studies on many points a communis opinio has been reached. The argumentations which led up to this end are not reproduced in the present edition. The interested reader is referred to Krom's great books: Oud-Javaansche Kunst and Hindoe-

Javaansche Geschiedenis. It is to be expected that before long the results of Krom's life-work will be made accessible for English readers by De Casparis. On the other hand cultural history, religion, economics and sociology have been rather neglected by the first editors of the Nāgara-Kertā gama. The present author has done his best to remedy that omission. The reader will find that the greater part of the following commentaries is concerned with those subjects. The contemporaneous minor texts and the charters that are published, translated and annotated in the present book in the same manner as the Nāgara-Kertāgama have been chosen almost exclusively for the valuable information on social, economic and religious conditions in the 14th century Majapahit realm that is afforded by them.

TRENDS IN LINGUISTICS is a series of books that open new perspectives in our understanding

of language. The series publishes state-of-the-art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by building bridges to neighbouring fields such as neuroscience and cognitive science. TRENDS IN LINGUISTICS considers itself a forum for cutting-edge research based on solid empirical data on language in its various manifestations, including sign languages. It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language. TRENDS IN LINGUISTICS publishes monographs and outstanding dissertations as well as edited volumes, which provide the opportunity to address controversial topics from different empirical and theoretical viewpoints. High quality standards are ensured through anonymous reviewing.
