[A Dictionary of Economics](#) - John Black 2002
This second edition provides comprehensive, authoritative, and up-to-date coverage of economics, with fully updated entries on developments such as e-commerce and the euro. The author, a leading academic in his field, provides over 2,500 clear and jargon-free definitions of all the terms likely to be encountered by school and university students. All aspects of economic theory, from microeconomics to public finance and international trade are covered, as well as international coverage of economic organizations and institutions. Mathematical and statistical terms widely used in economics, as well as words in related areas such as business and finance, are also covered. Appendices cover the Greek alphabet and the winners of the nobel prize for economics. Anyone who comes into contact with economic terms will find this dictionary an indispensable source of reference.

[A Pocket Dictionary of Economics & Commerce](#) - 1999

Dictionary of International Commerce - W.J. Miller 2011-10-13

International trade is vital to the well-being of the international market. No textbook suited virtually every nation, because no nation is my purpose, so I set about to write one. capable of satisfying its material needs beyond the subsistence level entirely from domestic My first task was to define my terms-tariffs, non-tariff barriers, shipping terminology, resources. As a nation's technology advances and edu etc. As this labor progressed over many cational levels improve, heavy industry and months, it became evident there was need for manufacturing are often supplanted by serv an encyclopedic reference work which fo ice industries, as evidenced by the economies cused upon international trade. My enquiries of Europe, North America, and Japan. The having divulged no similar work in English, I shift to a service economy increases import decided to concentrate efforts upon an reliance, especially in the areas of consumer encyclopedia. products and basic industrial commodities, In selecting entries, it was my intention to such as steel. This transition creates opportu provide the reader with a cross section of nities-in the form of new markets and lower terminology of the various aspects of interna unit costs-but also begets confrontation as tional trade-marketing, taxation, shipping, lower priced imports displace domestic work law, accounting, etc. Each entry, it is hoped, is ers, and charges of unfair competition congeal sufficiently descriptive to

define the topic into protectionist policies. quately, without extraneous detail or digres Unfortunately, the process of international sion.

A Dictionary of Economics - Nigar

Hashimzade 2017-01-12

This authoritative and comprehensive dictionary contains clear, concise definitions of approximately 3,500 key economic terms. Covering all aspects of economics including economic theory and policy, applied microeconomics and macroeconomics, labour economics, public economics and public finance, monetary economics, and environmental economics, this is the essential reference work in this area. The new edition of this dictionary has been updated to include entries on China, India, and South America, to reflect the increase in prominence of these regions in the global economy. There is strong coverage of international trade and many entries on economic organizations and institutions from around the world. Fully revised to keep up-to-date with this fast-moving field, this new edition expands the coverage to include entries such as "austerity measures," "General Anti Abuse Rule," "propensity score matching," and "shadow bank." Entries are supplemented by entry-level web links, which are listed and regularly updated on a companion website, giving the reader the opportunity to explore further the areas covered in the dictionary. Useful appendices include a list of institutional acronyms and their affiliated websites, a list of Nobel prize-winners in economics, the Greek alphabet, and a list of relevant websites. As ideal for browsing as it is useful for quick reference, this dictionary remains an essential guide for students and teachers of economics, business, and finance, as well as for professional economists and anyone who has to deal with economic data.

Routledge Dictionary of Economics - Donald Rutherford 2013-06-26
