*The Widow Waltz* - Sally Koslow 2013-06-13

“This heartfelt, witty addition to women’s fiction will appeal to fans of Elizabeth Berg and Anna Quindlen.” (Booklist) Georgia Waltz has things many people only dream of: a plush Manhattan apartment overlooking Central Park, a Hamptons beach house, valuable jewels and art, two bright daughters, and a husband she adores, even after decades of marriage. It’s only when Ben suddenly drops dead from a massive coronary while training for the New York City Marathon that Georgia discovers her husband—a successful lawyer—has left them nearly penniless. Their wonderland was built on lies. As the family attorney scours emptied bank accounts, Georgia must not only look for a way to support her family, she needs to face the revelation that Ben was not the perfect husband

he appeared to be, just as her daughters—now ensconced back at home with secrets of their own—have to accept that they may not be returning to their lives in Paris and at Stanford subsidized by the Bank of Mom and Dad. As she uncovers hidden resilience, Georgia’s sudden midlife shift forces her to consider who she is and what she truly values. That Georgia may also find new love in the land of Spanx and stretch marks surprises everyone—most of all, her. Sally Koslow’s fourth novel is deftly told through the alternating viewpoints of her remarkable female protagonists as they plumb for the grit required to reinvent their lives. Inspiring, funny, and deeply satisfying, *The Widow Waltz* explores in a profound way the bonds between mothers and daughters, belligerent siblings, skittish lovers, and bitter

rivals as they discover the power of forgiveness, and healing, all while asking, "What is family, really?"

### **To My Arrogant Boss** - J. S. Cooper 2021-01-01

To Mr. Tate Howard, You are quite possibly the most infuriating, annoying and grumpy man I've ever met in my life. I know you think that you're God's gift to women, but I have a secret to let you in on: you're not. You're God's gift to yourself. Get over your wanna-be cool surfer self and grow up. I thought it was time that someone addressed your big head and told you straight to your face that you're not all that. Just because you have an Ivy league education doesn't mean you're the smartest man in the world. In fact, I'm not even sure if you would have gotten in if you didn't have rich parents. Yes, I went there. Every woman doesn't want to sleep with you and I'm sure you're not even good in bed. And I'm

someone that would know. From, Your Secret Not Admirer

Teaching Abby - Becca Jameson 2020-02-25

No matter how deeply she gets involved, she can't stay...

**Artificial Intelligence** - John Adamssen  
2020-08-03

Can machines write books? Can artificial intelligence be used for business? Will touch screens be around, or will they be replaced by voice recognition? What are deepfakes? How do self-driving cars work, and are they going to be a reality soon? These questions all come to light in this brief but informational book about artificial intelligence. Society is changing quickly because of automated systems in place that either benefit

or undermine people's living style, jobs, and brains. Today, we explore what that future may hold. We will also look into options for civilians in today's modern world to adapt more quickly. Don't underestimate the rise of artificial intelligence. Understand the future. Begin reading or listening now!

**Death Waits in the Dark** - Mark Edward Langley 2020-08-04

It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack

Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a

decision that will haunt him for the rest of his life.

I was blinded by my love for him and thought nothing would ever change the way I felt. Then I

uncovered the truth about him. About the kind of man he really was and the secrets he paid good money to keep hidden from everyone. Now I'm trapped, with no way out. Book 1 of 2 in the Storm Series.

*Integrating Information Technology Into the Teacher Education Curriculum* - Nancy Wentworth 2004

While there are books that address the integration of technology into teaching curricula, very few address the process for teacher education faculty and the systemic reform of a

teacher education program. Integrating Information Technology into the Teacher Education Curriculum: Process and Products of Change provides practical examples and suggestions for teacher education departments striving to integrate new technologies into their curriculum. It will help in the effort to motivate faculty to make utilizing new technology a natural strategy for the teachers they are educating. It describes the creation of Design Teams at Brigham Young University's McKay School of Education (funded by a PT3 grant) and how these teams worked to successfully reconfigure the school's teacher preparation curricula.

Imagine, a World Without DIS-EASE - Mark S. Grenon 2020-01-20

Volume Two of 'Imagine, A World Without DIS-EASE' is an autobiographical narrative of the Genesis II Church of Health and Healing told by the Co-founder, Mark S. Grenon. This Amazing Journey started back in 2006 where Mark , then

a missionary pilot in the Dominican Republic was working with medical teams in the D.R. and in Haiti when he contracted MRSA, a staph infection along with his three sons while working as interpreters. The MRSA spread to all of his 8 children! Nothing worked to kill this infection. After months of using the 'latest and greatest' antibiotics known at that time, it was getting worse! In desperation to save his son, Jonathan's leg, he found a free eBook on the internet written by a miner named Jim Humble. That book, 'Breakthrough, The Miracle Mineral Supplement of the 21st Century' not only 'restored health' for him and his family from the MRSA but put him on a path that changed his life! Mark and his sons, Jonathan and Joseph went on to help hundreds in the D.R. and Haiti 'restore health' from many different illnesses such as: Diabetes, AIDS, Dengue, Gastritis, Cancer, to name just a few. In 2010, Jim Humble came to live with the Grenon Family at their mission compound in Barahona, D.R. where they

founded the G2Church. The G2Church has grown today as of January 2020, to over 3,700 members in 145+ countries with 1997 Health Ministers, 115 Bishops and 252 Church Chapters. For the past 3 years, 10+ testimonies of 'restored health' from 95% of the illnesses in this world are coming in and being read in the free weekly G2Church Newsletter [www.g2churchnews.org](http://www.g2churchnews.org) and on the weekly G2Voice Broadcast at: [www.g2voice.is](http://www.g2voice.is). This book will cover this incredible story starting in 2006 to 2014. May the Lord use this book to help many 'restore health!' Mark S. Grenon **Miss Julia Delivers the Goods** - Ann B. Ross 2009

Futurist Gerd Leonhard breaks new ground again by bringing together mankind's urge to upgrade and automate everything-down to human biology itself-with our timeless quest for freedom and happiness. **Jobs** - Henry Lee 2018-08-19

It has been reported in various business websites, news stations, newspapers and social media that the US unemployment rate went down to 5.5% as of February 2015. Is this good

news? Yes, because that means 94.5% of the working population is employed. The bad news is you might be, or might know someone, who is still a part of the remaining 5.5%. Now, with the competition that includes knowledge, experience, personality and determination as the main criteria for judging, you have to prove yourself worthy of a position in that 94.5%. It does not matter if you have been laid off, you resigned or a fresh graduate; what is important is that you want the bosses to know what you are capable of. If you have been looking around and trying for quite some time now but is still not getting that offer, you might want to revamp your plans. This book aims to help you find and get that job you have always dreamed of. It will guide you through the whole process of job-hunting: from the searching, to preparing your documents, the interview and whatever comes next. These are proven effective ways on how to get a job in 30 days without sacrificing your passion or talent.
