Jump and Other Stories - Nadine Gordimer 2012-03-15

In this collection of sixteen stories, Gordimer brings unforgettable characters from every corner of society to life: a child refugee fleeing civil war in Mozambique; a black activist's deserted wife longing for better times; a rich safari party indulging themselves while lionesses circle their lodge. Jump is a vivid, disturbing and rewarding portrait of life in South Africa under apartheid.

The Spirit of the Brush - Sungsook Hong Setton 2017-06-15

"Chinese ink painting is one of the oldest continually practiced art forms

in the world. It first appeared in China in the fifth century, and soon traveled to Korea and then to Japan. As old and deeply rooted in East Asian aesthetics and meditation as it is, ink painting is credited with influencing the development of Western modern art. Its minimalist approach to painting continues to have enormous appeal. Artist and teacher Sungsook Setton, who learned the techniques with Chinese and Korean masters in her native South Korea, brings new excitement to this age-old art. While teaching the traditional disciplines for holding and using the brush, she shows students how to turn the techniques and inner meditation toward interpreting their own world: city views, music, and the essence of contemporary life"--

Encyclopedia of Recorded Sound in the United States - Guy A.

Marco 1993

This alphabetical reference covers the entire spectrum of the recording of sound, from Edison's experimental cylinders to contemporary high technology. The major focus is on the recorded sound industry in the US, with additional material on Canada, Europe, Australia, and New Zealand.

The coverage is particularly strong on the earliest periods of recorded sound history--1877-1948, the 78 rpm era and 1949-1982, the LP era. In addition to performers and their work, entries also cover important commercial organizations, individuals who made significant technical contributions, societies and associations, sound archives and libraries, magazines, catalogs, award winners, technical topics, special and foreign terms, copyright laws, and other areas of interest. Saddam: King of Terror - Con Coughlin 2009-10-13

Insightful, penetrating, and shocking, the defining biography of Iraq's deposed tyrant Drawing on an unparalleled network of sources, contacts, and firsthand testimonies, Con Coughlin takes us to the center of Saddam Hussein's complex, bewildering regime -- and beyond. Fully

updated and revised, *Saddam: His Rise and Fall* meticulously describes how Hussein took power and immediately set about controlling every aspect of Iraqi life. Coughlin examines Hussein's regime both before and after its fall, exploring the contradictions of Saddam's private life: his sponsoring of Islamic fundamentalism while whiskey drinking and womanizing as well as his reliance on and celebration of family negated by his violent and temperamental treatment of them. With evidence from family members, servants, and staff, *Saddam: His Rise and Fall* is unique in its close-up representation of this elusive and secretive world. In all-new chapters and an epilogue, and with shocking new disclosures, Coughlin also vividly recounts the last few months of Saddam's reign and his eventual capture by American forces.

Voices in Jazz Guitar - Joe Barth 2006

"Joe Barth has offered us what is arguably the most thoroughly researched book on jazz guitar ever published. Barths methodical approach to interviewing jazz guitar icons is highly impressive and his ability to maintain the easy rapport with each artist is masterful. The roster of musicians gathered in this volume reflects Barths rare insight regarding how the jazz artist, instrument, and industry are inextricably linked. Undoubtedly, this book is a great addition to jazz guitar canon and is easily a must-have for every aspiring jazz musician who is serious about out great American art form."

The Exercise Cure - Jordan Metzl 2014-12-23

A simple approach to weight loss and better health, with an exhaustive (and exhausting) collection of fun, fat-torching, life-changing workouts that can be tailored to any fitness level "This is a must read for everyone who wants to live a long and active life."—Robert Sallis, MD, former president, American College of Sports Medicine What if there were a drug to treat every illness, across all body systems, proven potent against

heart disease, depression, arthritis, PMS and erectile dysfunction—even in chronic diseases such as asthma, dementia, and certain types of cancer? What if it had no side effects, was completely free, readily available, and worked for everyone? Every single person who took it decreased her risk of premature death and raised his quality of life. Would you want it? In a healthcare system that spends 17% of GDP, roughly \$2.7 trillion, mostly on disease treatment, how do we save money and prevent illness? By increasing the use of the world's most effective preventive medicine: exercise. In *The Exercise Cure*, Dr. Jordan Metzl—nationally renowned sports medicine physician—offers malady-specific and well-researched exercise prescriptions to help readers stay healthy, heal disease, drop pounds, increase longevity, and transform their lives. Dr. Metzl knows that exercise is inexpensive, powerful medicine that has benefits in prevention and treatment of disease without disturbing side effects. Even in older adults, daily exercise has been found to prevent dementia by generating neuron development in the hippocampus, the memory center of the brain. Combining the latest data and his proven motivational skills, Dr. Metzl addresses the common maladies troubling millions. He discusses our cardiovascular, pulmonary, metabolic, musculoskeletal, neurologic, reproductive, and endocrinologic body systems, with special sections on sleep problems and cancer prevention, presenting the science behind the role of exercise as medicine. Then, he details workouts that can be tailored easily to any fitness level, beginner to advanced, and provides nutritional information, including meal plans for healthy eating and disease prevention.

[If You Don't Laugh You'll Cry](#) - Angie Kent 2019-11-12

Angie Kent won hearts and friends when she partnered with best friend Yvie Jones to commentate from the couch as we watched them watching TV on Gogglebox. Then Angie proved a stalwart on the 2019 season of *I'm a Celebrity ... Get Me Out of Here!* And THEN she became the new Bachelorette. It's clear Australia can't get enough of Angie - and now she's going to give us some of her quirky, funny, warm-hearted wisdom on life, love and everything in between, in the form of a book. With no holds barred - just as you'd expect - Angie talks about her challenges

with mental health and body image; her family and friends; what has and hasn't worked in her relationships, and what she has learned - the hard way - about life. There are plenty of laughs, and some tears, and always plenty of heart. Angie's is the voice of your imaginary best friend - the one who always has your back, and who knows just what to say because she's been there before.

Finding Bix - Brendan Wolfe 2017-05-15

Brendan Wolfe's *Finding Bix* is a personal and often surprising attempt to connect music, history, and legend. A native of Bix Beiderbecke's hometown of Davenport, Iowa, Wolfe grew up seeing Bix's iconic portrait on everything from posters to parking garages. He never heard his music, though, until cast to play a bit part in an Italian biopic filmed in Davenport. Then, after writing a newspaper review of a book about Beiderbecke, Wolfe unexpectedly received a letter from the late musician's nephew scolding him for getting a number of facts wrong. This is where *Finding Bix* begins: in Wolfe's good-faith attempt to get the facts right.

[America Walks into a Bar](#) - Christine Sismondo 2011-10-01

When George Washington bade farewell to his officers, he did so in New York's Fraunces Tavern. When Andrew Jackson planned his defense of New Orleans against the British in 1815, he met Jean Lafitte in a grog shop. And when John Wilkes Booth plotted with his accomplices to carry out an assassination, they gathered in Surratt Tavern. In *America Walks*

into a Bar, Christine Sismondo recounts the rich and fascinating history of an institution often reviled, yet always central to American life. She traces the tavern from England to New England, showing how even the Puritans valued "a good Beere." With fast-paced narration and lively characters, she carries the story through the twentieth century and beyond, from repeated struggles over licensing and Sunday liquor sales, from the Whiskey Rebellion to the temperance movement, from attempts to ban "treating" to Prohibition and repeal. As the cockpit of organized crime, politics, and everyday social life, the bar has remained vital--and controversial--down to the present. In 2006, when the Hurricane Katrina Emergency Tax Relief Act was passed, a rider excluded bars from applying for aid or tax breaks on the grounds that they contributed nothing to the community. Sismondo proves otherwise: the bar has contributed everything to the American story. Now in paperback, Sismondo's heady cocktail of agile prose and telling anecdotes offers a resounding toast to taprooms, taverns, saloons, speakeasies, and the local hangout where everybody knows your name.

A Siegel Film - Don Siegel 1996

Don Siegel was one of Hollywood's most controversial directors. Invasion of the Body Snatchers is one of the very few acknowledged science-fiction classics, and Magnum Force - with its catch-phrase 'Make my day' - has become part of our modern consciousness. Siegel's five-film collaboration with Clint Eastwood created a body of films that are as distinctive as they are different, and enriched the reputation of both of them. This autobiography has all the fun and energy one would expect from Don Siegel. From his first days as an assistant editor in the Warner Brothers cutting rooms, Siegel charts his rich and varied career. This is a wonderful book of reminiscences, told in a lively and vivid style, whose cast of characters includes John Wayne, Lee Marvin, Steve McQueen, Bogart and Bacall, studio head Jack Warner and other luminaries of the golden age of the Hollywood studios (including a fading film star called Ronald Reagan, whose last film, The Killers, was directed by Siegel). At the centre of the book is Siegel's relationship with Clint Eastwood, whose directing career was encouraged by Siegel, and who supplies an amusing

and appreciative foreword to the book.

A Member of the Third House - Hamlin Garland 1892

Garland's third book, a novel with a muckraking, populist theme typical of his earlier works: a state legislature is corrupted by railroad magnates.

Fair Science - Jonathan R. Cole 1987

Although deconstruction has become a popular catchword, as an intellectual movement it has never entirely caught on within the university. For some in the academy, deconstruction, and Jacques Derrida in particular, are responsible for the demise of accountability in the study of literature. Countering these facile dismissals of Derrida and deconstruction, Herman Rapaport explores the incoherence that has plagued critical theory since the 1960s and the resulting legitimacy crisis in the humanities. Against the backdrop of a rich, informed discussion of Derrida's writings -- and how they have been misconstrued by critics and admirers alike -- The Theory Mess investigates the vicissitudes of Anglo-American criticism over the past thirty years and proposes some possibilities for reform.

Native American Almanac - Yvonne Wakim Dennis 2016-04-18

From ancient rock drawings to today's urban living, the Native American Almanac: More than 50,000 Years of the Cultures and Histories of Indigenous Peoples traces the rich heritage of indigenous people. It is a fascinating mix of biography, pre-contact and post-contact history, current events, Tribal Nations' histories, enlightening insights on environmental and land issues, arts, treaties, languages, education, movements, and more. Ten regional chapters, including urban living, cover the narrative history, the communities, land, environment, important figures, and backgrounds of each area's Tribal Nations and peoples. The stories of 345 Tribal Nations, biographies of 400 influential figures in all walks of life, Native American firsts, awards, and statistics are covered. 150 photographs and illustrations bring the text to life. The most complete and affordable single-volume reference work about Native American culture available today, the Native American Almanac is a unique and valuable resource devoted to illustrating, demystifying, and celebrating the moving, sometimes difficult, and often lost history of the indigenous people of America. Capturing the stories and voices of the American Indian of yesterday and today, it provides a range of information on Native American history, society, and culture.
